FOR IMMEDIATE RELEASE

MENTAL HEALTH RESOURCE CENTER SELECTS SMARTCARE AS THEIR ALL INCLUSIVE ELECTRONIC HEALTH RECORD SOFTWARE SOLUTION

Mental Health Resource Center, Inc. (MHRC) is pleased to announce that it has concluded an agreement with Streamline Healthcare Systems of Kalamazoo, Michigan to implement their advanced EHR solution, SmartCare. MHRC is a provider of comprehensive behavioral healthcare and social services in Florida that strives to help individuals improve their well-being and achieve their goals by providing high quality care.

A multi-disciplinary team representing all MHRC programs and administrative areas chose Streamline as its EHR vendor after a rigorous evaluation and selection process. Key factors in the selection decision included:

- The demonstrated functionality and scalability of Streamline’s product. These are essential characteristics of a system that are necessary to address the breadth and scope of the programs and services that MHRC provides;
- The excellent service that they have already provided to other similar organizations as evidenced by reference calls and site visits;
- The dynamic team that Streamline has assembled to effectively deliver the advanced capabilities of their EHR system;
- The flexibility of Streamline’s up-to-date infrastructure and web based technology that is necessary to enable MHRC to deal with an ever-changing health care environment.

John Peed, MHRC Vice President of Information Technology notes: “We at MHRC are excited about this opportunity to greatly enhance the capabilities of our staff and bring an even higher level of service to the clients that we serve through our partnership with Streamline Healthcare Solutions, Inc.”

"We are excited for our new partnership with Mental Health Resources and the entire Renaissance organization. Our goal is to provide organizations, like MHRC, a truly flexible,

integrated application for both outpatient and inpatient services.” says [David Ryland, Co-CEO of Streamline Healthcare Solutions](#).

About Streamline: Streamline Healthcare Solutions (Streamline) delivers web-based software for healthcare organizations to provide and coordinate specialized behavioral service delivery processes. Streamline’s SmartCare™ solution was developed to truly integrate all departments; moving them to a more holistic service model. Streamline’s software solutions are well suited for organizations who wish to have a system that can incorporate its entire business processes into a single solution, with the ability to continue to grow as business-lines needs evolve.
