FOR IMMEDIATE RELEASE

THE TEXAS AUTHORITY COLLABORATION FOR EXCELLENCE SELECTS SMARTCARE AS THEIR ALL INCLUSIVE ELECTRONIC HEALTH RECORD SOFTWARE SOLUTION

The Texas Authority Collaboration for Excellence (TxAce) is pleased to announce it has reached an agreement to purchase the Streamline Healthcare Solutions-SmartCare™ electronic health record system (EHR). TxAce is a group of six Local Mental Health and Intellectual Disability Authorities that span a total of 42 counties in Texas. TxAce members consist of Central Plains Center, Denton County MHMR Center, Gulf Coast Center, Helen Farabee Centers, Pecan Valley Centers, and StarCare Specialty Health System.

Upon completion of a rigorous review of several certified EHR's, TxAce selected Streamline's SmartCare. Entering the initiation phase of the project in October 2015, TxAce is fully engaged in configuration and implementation in the coming months. Coke Beatty, CEO of Pecan Valley Centers said "Smartcare was our first choice due to its straightforward simplicity, clinical operability and programing flexibility."

"We are excited for our new partnership with the Texas Authority Collaboration for Excellence. Our goal is to provide organizations like TxAce, a truly flexible comprehensive application that will grow with them." says [David Ryland, Co-CEO of Streamline Healthcare Solutions](#).

About Streamline: Streamline Healthcare Solutions (Streamline) delivers web-based software for healthcare organizations to provide and coordinate specialized behavioral service delivery processes. Streamline's SmartCare™ solution was developed to truly integrate all departments; moving them to a more holistic service model. Streamline's software solutions are well suited for organizations who wish to have a system that can incorporate its entire business processes into a single solution, with the ability to continue to grow as business-lines needs evolve.
