**KEYSTONE HUMAN SERVICES SELECTS SMARTCARE AS THEIR ALL INCLUSIVE
ELECTRONIC HEALTH RECORD SOFTWARE SOLUTION**

Kalamazoo, MI – [April 10, 2015] – [Streamline Healthcare Solutions](#) and [Keystone Human Services](#) formed a partnership designed to better Keystone’s mission capacity, enhance the quality of care, and produce cost-effective outcomes. Keystone Human Services’ supports people within communities and in natural settings such as the home, the workplace, and schools. Keystone is currently providing services in Pennsylvania, Connecticut, Delaware, and the District of Columbia. They also have international services in Russia and Eastern Europe.

Keystone Human Services chose Streamline’s SmartCareEHR™ system because of its intuitive, all inclusive Intellectual Disabilities Services solution.

Charles J. Hooker, III, Senior VP of Keystone Human Services and President and CEO of Keystone Human Services International, says, “Over the last eight months we completed a comprehensive review of the leading solutions for the health and human services market and the SmartCareEHR application came out as not only the most user friendly and intuitive, but also the most robust application we’ve seen. We are confident it will help us continue to move forward as an organization.

“We are excited for our new partnership with Keystone Human Services. Our goal is to provide organizations like Keystone, a truly flexible comprehensive application that will grow with them.” says [David Ryland, Co-CEO of Streamline Healthcare Solutions](#).
