**THE ANDERSON GROUP PARTNERS WITH MANAGEMENT TO
INVEST IN LATINA BOULEVARD FOODS, LLC**

Bloomfield Hills, Michigan, December, 2010 - The Anderson Group, LLC, an operationally focused private equity firm, partnered with management/ existing ownership to purchase the assets of two complementary businesses, Latina Niagara and Boulevard Produce. The combined company, operating as Latina Boulevard Foods, LLC is well capitalized and poised to take advantage of numerous growth opportunities in the Western New York specialty food distribution market.

Latina represents Anderson's third investment in the last twelve months and is very much in-line with Anderson's focus on partnering with a strong management team to invest in good companies that find themselves with over-leveraged balance sheets. "We are very excited about partnering with the team at Latina Boulevard and are enthusiastic about the growth we believe they can achieve in the next several years now that they have the support of a committed partner and a well-capitalized balance sheet," noted Cory Gaffney, a partner at Anderson.

Latina Boulevard Foods operates as two complementary divisions, Latina Food Service and Boulevard Produce, which collectively distribute specialty food products to casual dining, independent pizzeria and retail markets in Western New York. Since 1954, the Company has provided its customers with fresh produce, chicken wings, specialty meats, premium cheeses, tomato products, flour and related pizza ingredients while focusing on achieving superior customer service.

About The Anderson Group

Founded in 1985, with offices in Bloomfield Hills, Michigan and Shanghai, China, The Anderson Group is an operationally-oriented private equity investment firm focused on acquiring and operating companies at the lower end of the middle market. Senior professionals at Anderson each have between twenty and thirty years of operational experience in various businesses and industries. Anderson specializes in three types of transactions: leveraged recapitalizations, turnaround opportunities and special situation investments. In leveraged recapitalizations, Anderson seeks to partner with current ownership of healthy businesses and leverage its operational experience to generate significant growth in profitability. In turnaround transactions, Anderson targets good businesses that are experiencing financial difficulties that can be addressed with a comprehensive restructuring plan. In special situation investments, Anderson looks for situations where smaller or neglected divisions of larger companies are seeking to break away from their corporate parents or businesses where current ownership is seeking liquidity but at the same time is desirous of maintaining a substantial equity stake in the business after the sale. In each instance, The Anderson Group seeks to invest in only those opportunities where we feel we can leverage our operational experience and partner with management to create value in a business.
