THE ANDERSON GROUP EXITS TECART INDUSTRIES, INC.

Bloomfield Hills, Michigan, February, 2014 – The Anderson Group, LLC sold the stock of portfolio company TecArt Industries, Inc. to a strategic acquirer.

Headquartered in Farmington Hills, Michigan, TecArt designs and manufactures electronic signs, panels and displays. After acquiring the company from its founders, who retired upon the sale of the company, Anderson recruited a new management team to expand product offerings and increase sales and marketing efforts in order to stimulate growth. As a result, TecArt is well positioned to consistently generate profitable growth in partnership with new ownership.

Barry Shapiro, an Anderson Group partner, noted, "We appreciate the diligence and hard work of the management team as TecArt established a dominant market presence under their leadership. I am confident that they will be successful under new ownership and I wish them the best."

About The Anderson Group

Founded in 1985 in Bloomfield Hills, Michigan, The Anderson Group is an operationally-oriented private equity investment firm focused on acquiring control positions in companies at the lower end of the middle market. Senior professionals at Anderson each have between twenty and thirty years of operational experience in various businesses and industries. Anderson specializes in three types of transactions: turnaround opportunities, special situation investments and recapitalizations. Although Anderson does not have a specific industry focus, it typically acquires businesses in the niche manufacturing, distribution or service industries. The Anderson Group is not an institutional fund; it invests its own committed pool of capital. As such, Anderson does not have to worry about capital calls, investment approval processes, mandates and holding periods. Thus, Anderson can offer a faster approval/transaction process, a certainty to close, flexibility in equity ownership and an ability to invest throughout the capital structure that other funds often cannot. This structure also allows Anderson to work with portfolio companies without the outside pressures and requirements of institutional investors.
