Accommodation and Welfare

1. Mater Christi College accepts responsibility for the accommodation, support and general welfare arrangements for international students enrolled with the College.
2. All international students must live in a College approved Homestay.
3. Where a relative (DIBP Approved) or formally appointed guardian of the student is providing accommodation, the College must also approve this. The College will not agree to students, irrespective of age, living alone or sharing accommodation with other students.
4. If a student under 18 years moves from a College-approved accommodation, the College will report this change in arrangements to DIBP and advise that it can no longer be responsible for the student's welfare.
5. If a student over 18 years moves from a College-approved accommodation, the College will regard this as a severe breach of College rules which may lead to cancellation of enrolment.

Homestay

The College organises and supports private accommodation with carefully selected families in homes within the Homestay Program.

The Homestay Coordinator visits all prospective Homestays to discuss the Homestay Guidelines and assess the situation against the Homestay Selection Criteria.

All students and hosts are provided with contact details of key staff and the College responds promptly to requests for assistance from Homestay Hosts and students to resolve issues that may arise from time to time.

The International Program Team monitors the welfare of students in Homestay and maintains regular contact with hosts. Homestays are visited with each new student placement and the College will withdraw students from placements that do not meet the expectations of the College as outlined in the Homestay Guidelines and the Homestay Selection Criteria.

Course Progress, Enrolment and Attendance

Completion of studies within expected duration

1. Mater Christi College will monitor, record and assess the course progress for each student for the courses in which they are enrolled.
 2. Part of the assessment of course progress at the end of each semester will include an assessment of whether the student will be able to complete their course within the expected duration as stated on the student visa. This review will be conducted by the International Student Coordinator in liaison with the Heads of School.
 3. Students must complete the course within the expected duration as specified on the student's CoE. Where compassionate or compelling circumstances exist, or the College has implemented its intervention strategies, or study deferment has been approved, an extension may be granted.
 4. Where the College decides to extend the duration of the student's study, the College will report via PRISMS and/or issue a new COE if required.
-

Course Progress

1. The course progress of all students will be assessed on a regular basis. Formal Assessments are completed at the end of each semester and Progress Reports are completed at the half-way point of each semester.
2. To demonstrate satisfactory progress, students will need to achieve competency in at least 60% of their studies as determined by the subject course materials. Competency is demonstrated by an attainment of a unit result of "S" for VCE units and a minimum MYP score of "1" at Years 7 to 10.
3. If a student does not achieve competency in at least 60% of units studied in an assessment period, the International Student Coordinator and House Leader will meet with the student to develop an intervention strategy for academic improvement. This may include supervised study periods, extra after school classes or sessions with the College tutors. Students also will be given career and guidance counselling and may be advised to change subject and/or course selection. Services beyond those normally provided within the school's resources may incur additional cost to the family.
4. A copy of the student's individual strategy and progress reports in achieving improvement will be forwarded to parents following discussion with the International Students Coordinator. This report may need to be translated for parents.
5. The student's individual strategy for academic improvement will be monitored by the House Leader over the following semester and records of student response to the strategy will be kept.
6. If the student does not improve sufficiently academically and achieve satisfactory course progress by the end of the next assessment period, the College will advise the student and her parents in writing of its intention to report the student for breach of visa condition 8202, and she has 20 working days in which to access the school's internal complaints and appeals process.
7. The school will notify DIBP via PRISMS of the student not achieving satisfactory progress as soon as practicable where:
 - the student does not access the complaints and appeals process within 20 days, or
 - withdraws from the complaints and appeals process, or
 - the complaints and appeals process results in decision in favour of the School.

8. Compelling and compassionate circumstances will be taken into account before reporting a student.
-

Attendance Policy

1. The College will notify DIBP via PRISMS within 5 business days if a student does not commence on the agreed starting date.
2. Students must attend all scheduled course contact hours.
3. Students must attend a minimum of 80% of scheduled course contact hours as a condition of their visa excluding any suspensions, deferment or approved absences from school.
4. Student attendance is recorded daily and for each lesson. Home Group Teachers and House Leaders monitor student attendance. Compliance with visa conditions is calculated over each term by the International Student Coordinator.
5. All absences from school should be accompanied by a medical certificate, an explanatory communication from the student's carer or evidence that leave has been granted by a member of the teaching staff.
6. Students at risk of breaching Mater Christi College's attendance requirements will be interviewed by the House Leader or International Student Coordinator. The student will be counselled and offered necessary support when they have absences reaching 10% of classes missed.
7. If a student's absence from classes exceeds 20%, the College will advise the student of its intention to report the student for breach of visa condition 8202, and she has 20 working days in which to access the school's internal complaints and appeals process.
8. The College will notify DIBP via PRISMS of the student not achieving satisfactory course attendance as soon as practicable where:
 - The student does not access the complaints and appeals process within 20 days
 - Withdraws from the complaints and appeals process
 - The complaints and appeals process results in a decision in favour of the School.
9. Students will not be reported for failing to meet the 80% threshold for class attendance where the student produces documentary evidence clearly demonstrating compassionate or compelling circumstances e.g. medical illness supported by a medical certificate and class attendance is not below 70%.
10. If a student is assessed as having nearly reached the threshold of 70% attendance, the Director of the International Program will assess whether a suspension of studies is in the interests of the student as per Mater Christi College's Deferment, Suspension and Cancellation Policy.
11. If the student does not obtain a suspension of studies, and attendance falls below 70%, the reporting process will commence immediately.

Deferring, Suspending or Cancelling Enrolment

1. Mater Christi College will only grant a deferment of commencement of studies for compassionate and compelling circumstances. These include but are not limited to:

 - major political upheaval or natural disaster in the home country requiring emergency travel that has impacted on studies
 - a traumatic experience which has impacted on the student (these cases should be where possible supported by police or psychologists' reports)
2. The final decision for assessing and granting a deferment of commencement of studies lies with the Director – International Program. Deferment will be recorded on PRISMS depending on the students CoE status.

Suspension of study requested by student

8. Excluded students must abide by the conditions of their exclusion from studies as determined by the Deputy Principal or House Leader.
9. Where the student is provided with homework or other studies for the period of the exclusion, the student must continue to meet the academic requirements of the course.

- Exclusions from class will not be recorded on PRISMS.
- Periods of exclusion from class will be recorded as absences in attendance calculations for formal College reports.
- Students will be re-admitted to class following a satisfactory interview with the College Deputy Principal.

School initiated suspension of studies

1. Mater Christi College may initiate a suspension of studies for a student on the grounds of misbehaviour by the student. Suspension will occur as per the College Student Management Processes as outlined in the College Planner.
2. Suspended students must abide by the conditions of their exclusion from studies as determined by the Deputy Principal.
3. Students who have been suspended for more than 28 days, including internal suspensions are required to return to their home country by DIBP unless special circumstances exist (e.g. the student is medically unfit to travel).

Complaints and Appeals

1. Student requested deferment and suspension are not subject to Mater Christi College Complaints and Appeals Policy.
2. Exclusion from class is subject to Mater Christi College Complaints and Appeals Policy.
3. School initiated suspension, where the suspension is to be recorded in PRISMS, and cancellation is subject to Mater Christi College Complaints and Appeals Policy.
4. For the duration of the appeals process, the student is required to maintain enrolment and attendance. The Deputy Principal will determine if participation in studies will be in class or under a supervised arrangement outside of classes.
5. If students access Mater Christi College complaints and appeals process regarding a school initiated suspension, where the suspension is recorded in PRISMS, or cancellation, the suspension

or cancellation will not be reported in PRISMS until the complaints and appeals process is finalised, unless extenuating circumstances relating to the welfare of the student apply.

Extenuating circumstances include:
