

MXOtech Ranked Among Top 501 Managed Service Providers by MSPmentor for 2nd Year in A Row

10th Annual MSP 501 Ranking and Study Identifies
World's Most Progressive MSPs in Information Technology

JULY 25, 2017: MXOtech ranks among the world's most progressive 501 Managed Service Providers (MSPs), according to MSPmentor's 10th-annual MSP 501 Worldwide Company Rankings. The top MSP 501 companies ranked this year include organizations from around the world and from diverse technology and business backgrounds. Collectively, they amassed \$14.48 billion in total revenue (based on 2016 results), up more than 15 percent from a year earlier.

The complete 2017 MSP 501 list is available at MSPmentor.net. In addition to honoring MXOtech, this year's MSP 501 list and study showcases the top ranked MSPs worldwide. Over the next few weeks, MSPmentor will unveil additional lists showcasing:

- The top MSPs in Europe, Middle East and Africa
- The top MSPs in Asia, Australia and New Zealand
- The top Small Business MSPs' list, comprised of organizations with 10 or fewer employees
- The top vertical markets pursued by MSP 501 companies
- The leading tools they leverage to run their businesses
- And the top technologies they provide to customers

"I am overjoyed that MXOtech has been recognized by MSPmentor 501 once again as one of the top performing managed service providers in the world," said Joanna Sobran, Founder and CEO of MXOtech. "This list includes an impressive group of technology companies. At MXOtech, we constantly strive for improvements and enhancements in an ever-changing tech world. Most importantly, we are dedicated to providing industry-leading customer support and we haven't lost sight of what's most important – that our solutions must go beyond IT to support people and help our clients grow their businesses."

"On behalf of Penton and MSPmentor, I would like to congratulate MXOtech for its recognition as an MSP 501 honoree," said Aldrin Brown, Editor in Chief, MSPmentor. "The managed service provider market is evolving at a rapid pace and the companies showcased on the 2016 MSP 501 list represent the most agile, flexible and innovative organizations in the industry."

The 2017 MSP 501 list is based on data collected by MSPmentor and its partner, Clarity Channel Advisors. Data was collected online from Feb. 16 through May 15, 2017. The MSP 501 list recognizes top managed service providers based on metrics including recurring revenue, growth and other factors.

About MXOtech:

MXOtech is a Managed Service Application Development Provider (MSADP). Born in 2005, we offer a comprehensive suite of technology solutions. MXOtech specializes in developing enterprise level web applications, business intelligence solutions, systems and data integration solutions, and full network infrastructure and desktop computing support.
