FOR IMMEDIATE RELEASE:

XPERTECHS Welcomes New Customer
Catholic Legal Immigration Network, Inc.

Ellicott City, Maryland – June 4, 2015 – XPERTECHS has recently announced Catholic Legal Immigration Network, Inc. (CLINIC) as their newest client. XPERTECHS will be implementing their XperCARE Managed Services solution.

Since 1988, CLINIC has promoted the dignity and protects the rights of immigrants in partnership with a dedicated network of Catholic and community legal immigration programs.

CLINIC is in the process of replacing their existing IT infrastructure in order to increase productivity, provide ease of administration and reduce costs. They have determined XperCARE as the best solution in order to meet their goals. Once the system is fully implemented, XPERTECHS will be able to monitor the CLINIC network remotely, 24/7, and provide key IT functions such as: helpdesk, problem remediation, remote backup, patch management, anti-virus/spyware protection, Internet security, and content filtering. CLINIC will also be utilizing Microsoft's Office 365 cloud solution for email, document management and collaboration.

"XPERTECHS is very excited about the relationship with Catholic Legal Immigration Network, Inc. Our expertise enables us to provide the very best technology support to businesses like CLINIC. We are looking forward to improving their systems with our market-leading solutions" said Michael Mellott, President at XPERTECHS.
