FOR IMMEDIATE RELEASE:

XPERTECHS Welcomes New Client Grotech Ventures

ELLICOTT CITY, MD – December 1, 2017 – XPERTECHS is pleased to announce Grotech Ventures as their newest client. XPERTECHS will be managing all of Grotech’s IT needs through their Managed Services solution, XperCARE.

Grotech Ventures is an investment company that has built a reputation for being a collaborative, long-term partner for entrepreneurs. They invest in early stage, high growth technology companies, reserving significant capital for subsequent investments to support companies through early and growth stages.

Grotech Ventures determined XperCARE as the best solution in order to meet their goals. XPERTECHS will design and implement a new Proactive IT support system through its Managed Services package. Once the system is fully implemented, XPERTECHS will be able to monitor Grotech’s network remotely, 24/7, and provide key IT functions such as: help desk, problem remediation, remote backup, patch management, anti-virus/spyware protection, Internet security, and content filtering.

“XPERTECHS is looking forward to providing Grotech Ventures with world-class IT services and support. Our certified technicians and experience allows us to provide the very best technology support to businesses like Grotech, and improve their systems with our market-leading solutions” said Michael Mellott, President of XPERTECHS.

About XPERTECHS

XPERTECHS is a Microsoft Gold Partner company offering a full range of services including Microsoft network solutions, LAN and WAN connectivity, Proactive IT Managed Services (XperCARE), Cloud Solutions (CLOUD XPERIENCE), Office 365 Implementations, and Network Security. Their focus is on delivering high quality Networking, Proactive Management, IP Telephony and Internet Solutions that are critical to solving information needs of their clients.

XPERTECHS provides installation and support of networks, servers, workstations, PCs, firewalls, routers, switches and vCIO services. The company renders on-site and remote support through their XperCARE Managed Services offering.
