FOR IMMEDIATE RELEASE:

## **XPERTECHS Welcomes Chesapeake Collision As New Managed IT Client**

**ELLICOTT CITY, MD – April 26, 2018** – XPERTECHS is pleased to announce Chesapeake Collision as their newest client. XPERTECHS will be managing all of Chesapeake Collision's IT needs through their Managed Services solution, XperCARE.

Chesapeake Collision is a full-service, auto collision and repair company. They have multiple locations throughout Maryland, including in Baltimore, Huntingtown, Pasadena, and Randallstown.

Chesapeake Collision chose XPERTECHS based on their experience in the automotive industry and knowledge of industry-based applications. XPERTECHS will design and implement a new Proactive IT support system through its Managed Services package. Once the system is fully implemented, XPERTECHS will be able to monitor Chesapeake's network remotely, 24/7, and provide key IT functions such as: help desk, problem remediation, remote backup, patch management, anti-virus/spyware protection, Internet security, and content filtering.

“XPERTECHS is looking forward to becoming Chesapeake Collision's trusted IT advisor. Our certified technicians and experience allows us to provide world-class technology support to businesses like Chesapeake Collision and scale their systems with our market-leading solutions” said Michael Mellott, President of XPERTECHS.

### **About XPERTECHS**

XPERTECHS is a Microsoft Gold Partner company offering a full range of services including Microsoft network solutions, Proactive IT Managed Services (XperCARE), Managed Security, Cloud Solutions (CLOUD EXPERIENCE), Office 365 Implementations, and Network Security. Their focus is on delivering high quality Networking, Proactive Management and Internet Solutions that are critical to solving information needs of their clients.

XPERTECHS provides installation and support of networks, servers, workstations, PCs, firewalls, routers, switches and vCIO services. The company renders on-site and remote support through their XperCARE Managed Services offering.
