FOR IMMEDIATE RELEASE:

Camden Partners Chooses XPERTECHS As New Managed IT Provider

ELLICOTT CITY, MD – June 19, 2018 – XPERTECHS is pleased to announce that Camden Partners has chosen them as their new managed IT provider. XPERTECHS will be managing all of Camden Partners' IT needs through their Managed Services solution, XperCARE.

Camden Partners is a principal investment firm specializing in direct and fund of funds investments. It also manages hedge funds and private investment funds.

Camden Partners chose XPERTECHS based on their experience in the capital investment industry and knowledge of industry-based applications. XPERTECHS will design and implement a new Proactive IT support system through its Managed Services package. Once the system is fully implemented, XPERTECHS will be able to monitor Camden Partners' network remotely, 24/7, and provide key IT functions such as: help desk, problem remediation, remote backup, patch management, anti-virus/spyware protection, Internet security, and content filtering.

“XPERTECHS is looking forward to becoming Camden Partners' trusted IT advisor. Our experience with numerous venture capital investment firms allows us to provide world-class technology support to businesses like Camden Partners and scale their systems with our market-leading solutions” said Michael Mellott, President of XPERTECHS.

About XPERTECHS

XPERTECHS is a Microsoft Gold Partner company offering a full range of services including Microsoft network solutions, Proactive IT Managed Services (XperCARE), Managed Security, Cloud Solutions (CLOUD EXPERIENCE), Office 365 Implementations, and Network Security. Their focus is on delivering high quality Networking, Proactive Management and Internet Solutions that are critical to solving information needs of their clients.

XPERTECHS provides installation and support of networks, servers, workstations, PCs, firewalls, routers, switches and vCIO services. The company renders on-site and remote support through their XperCARE Managed Services offering.
