FOR IMMEDIATE RELEASE:

XPORTECHS Ranked Among Top 501 Managed Service Providers For A Fifth Straight Year

Ellicott City, Maryland – June 28, 2018 – XPORTECHS ranks among the world's 501 most strategic and innovative managed service providers (MSPs), according to Channel Futures 11th annual MSP 501 Worldwide Company Rankings.

The MSP 501 is the first, largest and most comprehensive ranking of managed service providers worldwide. This year Channel Futures received a record number of submissions. Applications poured in from Europe, Asia, South America and beyond.

As it has for the last three years, Channel Futures teamed with Clarity Channel Advisors to evaluate these progressive and forward-leaning companies. MSPs were ranked according to our unique methodology, which recognizes that not all revenue streams are created equal. We weighted revenue figures according to how well the applicant's business strategy anticipates trends in the fast-evolving channel ecosystem.

"It's a great honor to make this prestigious list for a fifth consecutive year. We are proud of the hard work and growth that our business has experienced since 2017's list was published, and are excited about our planned growth over the next year" said Michael Mellott, President at XPORTECHS.

"This year's applicant pool was the largest and most diverse in the history of the survey, and our winners represent the health and progressivity of the managed services market," says Kris Blackmon, Channel Futures content director and editor of the MSP 501. "They're growing their revenue, expanding their customer influence and exploring new technology that will propel them for years to come."

The full MSP 501 report, available this fall, will leverage applicant responses, interviews and historical data to identify business and technology trends in the IT channel. Highlights will include:

- Revenue growth and business models
- Hiring trends and workforce dynamics
- Business strategies
- Service deliverables
- Business tools and automation investments

The complete 2018 MSP 501 list is available at [Channel Futures](http://ChannelFutures.com).

Background

The 2018 MSP 501 list is based on data collected by Channel Futures and its sister site, Channel Partners. Data was collected online from Feb. 28 through May 31, 2018. The MSP 501 list recognizes top managed service providers based on metrics including recurring revenue, growth and other factors.

About XPERTECHS
