WHAT IS SUBLIMATION?

Sublimation is the transferring of an image onto fabric utilizing high heat and pressure. Sublimation can vividly, and affordably, recreate scenery, half tones, corporate logos, brand logos, brand shots and anything else that you can produce on a digital art file.

BENEFITS OF SUBLIMATION.

Sublimation provides:

- Limitless colours and designs.
- Superior weight, durability and breathability.
- Decoration that will not crack, peel or fade like traditional imprinting.
- Full range of apparel styles, fabrics and pricing.
- Low minimums and price points unmatched in the marketplace.
- Affordable 100% graphic reproduction.
