Thirty-two students from Myanmar, the third tranche of scholars supported by the Norwegian Ministry of Foreign Affairs (NMFA), began their two-year journey at AIT on 27 January 2014 with their Orientation Program.

Congratulating the students, Mr. Chatri Moonstan, Senior Programme Officer (Development Cooperation), Royal Norwegian Embassy stated that AIT has an “important role offering knowledge and skills to students all over Asia.” Delivering a message from the Norwegian Ambassador to Thailand, H.E. Ms. Katja Christin-Nordgaard, Mr. Chatri stated that Norway was supporting the scholarship program so that the students could work towards sustainable development of their motherland, Myanmar. “You are the young generation and the future of your country,” the ambassador’s message said. “In return, Norway does not want anything in return, except that you work very hard,” the message added. AIT’s Interim President, Prof. Worsak Kanok-Nukulchai reiterated AIT’s vision of continuing to provide quality education and catering to the development needs of the region.
Pakistan Ambassador to Thailand brokers meeting of Pakistan Engineering Council and AIT

Pakistan Ambassador to Thailand H.E. Dr. Sohail Khan guided a senior level delegation from the Pakistan Engineering Council (PEC) on its maiden visit to AIT on 3 June 2014 for exploratory talks on broad-based collaboration, including academic accreditation.

Ambassador Khan, who is a member of the AIT Board of Trustees, said the Institute is a highly suitable higher education partner for his country. At the meeting, PEC Chairman Syed Abdul Qadar Shah informed the ambassador that the body now represents Pakistan at the Washington Accord, which is a select international accreditation agreement for professional engineering academic degrees, between the national bodies responsible for accreditation in signatory countries.

France appreciates AIT’s role as regional platform

France appreciates the role played by AIT as a regional platform, particularly in the ASEAN region. This sentiment was expressed by Mr. Andre de Bussy, Regional Counsellor for Development, French Embassy in Indonesia and Mr. Stéphane Roy, Attache for Scientific and Higher Education Cooperation, French Embassy, Thailand during their visit to AIT on 13 June 2014.

They met with AIT’s Interim President Prof. Worsak Kanok-Nukulchai and Head External Relations and Communications Office (ERCO), Dr. Gabrielle Groves Punyaratrabandhu to explore possible areas of cooperation to further foster scientific linkages between France and AIT.

China’s The Excellent Alliance of University (E9) visits AIT in seek of partnerships

A number of leading Chinese universities aim to establish partnership arrangements with well-known higher education institutions in Southeast Asia, including AIT. That was the message Chinese diplomats and senior university administrators brought to AIT during a visit on 20 June 2014. Led by Mr. Zhou Gaoyu, First Secretary for Education, China Embassy, Thailand, a large delegation representing the ASEAN-China Centre in Beijing and high-ranking officials from The Excellent Alliance of University (E9) consortium expressed a collective desire to work with AIT.

The visitors included senior representatives from Harbin Institute of Technology, Dalian University of Technology, Beijing Institute of Technology, Southeast University, Northwestern Polytechnical University, South China University of Technology, and Tianjin University. All members of The E9 rank highly in national and international university rankings.

JULY 2014

AIT and Bangkok University enter three-year partnership

AIT and Bangkok University (BU) have committed to work together over the next three years on a wide range of academic, research and promotional initiatives of mutual benefit.

AIT President Prof. Worsak Kanok-Nukulchai and Bangkok University President Dr. Mathana Santiwat signed a Memorandum of Understanding (MoU) on 24 June 2014 that allows for the development of joint degree programs and research activities, as well as the joint appointment of lecturers between the two universities. Also included in the MoU is a provision for joint promotional activities, such as technical meetings, international workshops, conferences, seminars, symposia and student activities.

AIT Alumnus Dr. Siripong Malasri named Dean of Engineering at CBU

Dr. Siripong Malasri, who completed his Master’s in Structural Engineering and Construction from AIT in 1977, has been appointed Dean of the School of Engineering at Christian Brothers University (CBU), Memphis, Tennessee, USA.

An announcement by CBU stated that Malasri has already played a significant role during his 25-year tenure as a faculty member, department chair, program director, and a previous term as dean.

AIT alumnus Sridhar Krishnamoorthy to head Gerdau Steel India

Mr. Sridhar Krishnamoorthy, who graduated with a Master’s in Engineering from Energy field of study in 1987, has been appointed Managing Director of Indian operations of the New York Stock Exchange-listed Gerdau Steel.

Prior to joining Gerdau, Sridhar was Vice-President, Project Development with SENAAT, an Abu Dhabi-based industrial group, which also owns and operates Emirates Steel Industries in the UAE. Sridhar has a Bachelor’s degree in Chemical Engineering from IIT Madras, a Master’s in Energy Technology from AIT, and MBA from Monash University Australia.

AIT students win AIT-NIDA trophy

AIT wrested the annual sports trophy from the National Institute of Development Administration (NIDA), Bangkok at the annual AIT-NIDA sports championship held on 15 June 2014. The annual competition, which is now in its thirty-sixth year, saw AIT winning four events - volleyball, table tennis, tug of war, basketball. NIDA won petanque, badminton and chairball, while the football match ended in a draw.

An elated Abhishek Bahadur Shah, President of AIT Student Union (SU), said that it was heartening to win the trophy back. Complimenting the 80-member AIT sports team, Shah thanked the AIT SU sports committee chairperson, Joseph DKS, and the sports committee secretary, Darshana Abeyrathna.
AIT faculty edit book on Climate Change and Water Resources

A book on “Climate Change and Water Resources,” jointly edited by Dr. Sangam Shrestha and Prof. Mukand Singh Babel, both faculty at AIT’s School of Engineering and Technology (SET), has been released by CRC Press.

Released in May 2014, the book has 11 chapters divided into four sections covering various aspects of water and climate change. The forewords of the book are written by AIT’s Interim President, Prof. Worsak Kanok-Nukulchai and Prof. Kuniyoshi Takeuchi, Director, International Centre for Water Hazard and Risk Management (ICHARM) and Professor Emeritus, University of Yamanashi.

Prof. Athapol, Dr. Imran and Assoc. Prof. Anil release new book

Three AIT academicians have combined to edit a novel new book titled “Functional Foods and Dietary Supplements.” Published by Wiley-Blackwell (UK), the seventeen-chapter compilation sub-titled “Processing Effects and Health Benefits” contains the latest findings on the health and disease prevention benefits of functional foods.

Edited by Prof. Athapol Noomhorm, Dr. Imran Ahmad, and Assoc. Prof. Anil Kumar Anal of the Food Engineering and Bioprocess Technology (FEBT) field of study at AIT’s School of Environment, Resources and Development (SERD), the book focuses on functional ingredients of Asian origin that are of interest globally, especially in Western countries.

AIT student wins scholarship award to attend International Horticultural Conference

AIT doctoral student Mr. Krishna Prasad Timsina has been selected for a scholarship award by USAID, Horticulture Innovation Lab, and University of California, Davis, USA, for participation in the 29th International Horticultural Congress 2014.

Krishna, who is pursuing his Doctorate in Agri Business Management under the supervision of Prof. Ganesh Shivakoti of AIT’s SERD, will be attending the 29th International Horticultural Congress from 17-22 August 2014 in Brisbane, Australia. Krishna will showcase his research work based on his paper titled “Impacts of a New Post-harvest Drying Technology on the Horticultural Seed Value Chain in Nepal.” The scholarship award includes round trip air travel, lodging, full conference registration fees, visa and transportation.
Dr. Rajendra Shrestha is AIT Senate Chair

Dr. Rajendra Shrestha, Associate Professor in School of Environment, Resources and Development (SERD) has been appointed the new chair of the AIT Academic Senate. He succeeds Prof. Jayant Kumar Routray, who completed his tenure of two years. Dr. Shrestha’s term has begun from 24 May 2014.

Dr. Shrestha joined AIT as faculty member in the Natural Resources Management Field of Study in SERD in 2003. Dr. Shrestha earned his Bachelor’s in Science from Haryana Agricultural University, Hisar, India in 1984. His Master’s and Doctoral degrees are from AIT, having completed his M.Sc. in Natural Resources Planning and Management in 1993, and Doctorate in Natural Resource Management in 1999.

Prof. Tripathi appointed Director, Office of Special Degrees Program

Prof. Nitin Kumar Tripathi has been appointed as Director, Office of Special Degrees Program (SDP).

The “Office of Special Degree Programs” replaces the earlier “Office of Unified Programs.” This office will be responsible for the five-year International Integrated Master’s Degree Program (IIMDP), and similar partnership programs. As Director SDP, Prof. Tripathi will help the AIT Schools develop unified degrees programs (Bachelor+Master’s and Master’s+Doctoral), and other Joint/Dual Degrees Programs. The Office of SDP shall serve as contact point in the operations of all SDPs at partners’ universities.

Prof. Ganesh Shivakoti retires after 16 years of service

Prof. Ganesh Shivakoti has retired from AIT after serving the Institute for 16 years. He was accorded a warm farewell on 26 June 2014 in an event attended by Vice President for Academic Affairs, Prof. Sivanappan Kumar and Dean, SERD, Prof. C. Visvanathan.

A Ph.D. from Michigan State University (1991), Prof. Shivakoti worked extensively with Nobel laureate Elinor Ostrom, with whom he jointly published a book. He has been associated with AIT in various capacities since 1998, and was promoted to the rank of Professor in 2006. Prof. Shivakoti completed his Bachelor’s and Master’s from University of Udaipur, India in 1974 and 1979 respectively. He also studied for “Teacher Training in Agriculture” from National Agricultural College, Deventer, The Netherlands. Prof. Shivakoti will continue to serve AIT as Adjunct Professor to guide his Master’s and Doctoral students.

Condolement

Mr. Surapol Potisunghirun, Administrative Officer in the Government Relations Unit, External Relations and Communications Office (GRU/ERCO), passed away on 24 June 2014 after a valiant battle with lung cancer.

The 1954-born Mr. Surapol served AIT for 36 years and was instrumental in helping AIT employees with driver’s licenses, car registrations and work permits.

He is survived by his immediate family, including his wife and three children.

“World has zero chance of hitting education targets”

UNESCO admits it will be impossible to achieve Millennium Development Goals for universal primary education by 2015.

The Guardian reports;

An estimated 58 million children worldwide are not going to school, meaning that there is “no chance whatsoever” that the millennium development goal of achieving universal primary education by 2015 will be met, the UN has admitted.
