

Call Tracker

\$30 per month

Solves the problem:

"I don't know where my phone calls are coming from."

A visitor to your website can be easily tracked through analytics tools, but as soon as they pick up the phone, all the data regarding the channel they discovered you through disappears. Call Tracker bridges that data gap by giving the analytical data you need about the calls coming through your website.

What's Included

- ✓ Track phone calls from various web traffic sources
- ✓ Two tracking phone numbers
- ✓ Google Analytics integration
- ✓ Call recording
- ✓ Instant email notifications
- ✓ Caller history and action report
- ✓ Offline call tracking
- ✓ Detailed call reporting
- ✓ Keyword-level tracking

Top Benefits

- ★ Know where your phone calls are coming from
- ★ Track how effective your online and offline campaigns are
- ★ Record and listen to incoming calls from your website
- ★ Integrate with Google Analytics
